God, I wish I could do hair like you. In fact, I'm gonna try (when I feel like it). If it's good, I'll post it. If it sux, I'll burn it and bury the ashes so none will know my shame.

The only thing I see wrong with the top girl's face is the hidden eye seems set too far from the nose.

You do wide set, huh?

P.S. Cool eye.
