My fellow HM'er's,

I would like to ask a very special request of one, two, or many of you.

My wife (username Shandril here on HM if you want to see some of the stuff she has done), is suffering from terminal cancer and does not have long left to live, a few weeks, maybe a month or so at best. She has been a fan of, and associated herself with, Harley Quinn ever since Timm/Dini created her.

Before she goes, I'd like a good manip (or two, or ...) of her as Mr. J's #1 gal, and so I'm turning to the wonderful artists here to help me out. I would do it myself, but (1) as can be seen by the date of the last time I posted, I've been busy and (2) my skill right now can't do justice to my love for her.

I have about 50 or so of her professional shots (~8 mpx) in jpeg that I can send a few to anyone willing to take up this request. For anyone wanting to see a sample (lower res versions) of what you would be working with, you can go to [here](#) and click on the photo gallery link to a few of her shots.

Anyone willing to do this for us can either PM me here with info to send pics to, or email me at connor.mac.michil@gmail.com.

Thanks to all of you for giving both of us so many wonderful pictures over the years, and sometime here in the near future maybe I will get around to finishing the 3 - 4 that I have in progress.
