Thanks for the idea Chup, we will look into posting a side by side picture and render as we get closer to release, but for now if you have HellFire Club(HFC) privlidges you can go there and see several renders for the production shots.

As far as teh picture goes that is a painting done by Olivia of Betty Paige, and is one of my favorite images of Bettie. I found the poses at www.synfulmindz.com in the JuicyX for V4 set. It contains several poses that were used by Olivia in her paintings. Thanks for your input.
