Okay, I'm in a bit of a de-motivated place manip-wise.
So anyone place your requests for female characters in this thread.
The lottery is on Saturday night, whatever the bonus ball is (1-40) I will pick that number entry in this thread and manip the character named there.

But don't bother writing "(name) doing such-and-such while blah-blah-blah" because I'll just read her name and ignore the rest.

And as this is entry number 1 (and 1 might be the bonus ball), I will name
Glory
(have been meaning to manip her for a while and never get started).
