It really suck!... if you asked me I would have Aunt May rest in pace (she doesn't work anymore), after that pact with mephisto, it seems that the spiderman we are reading is the same from the 80's (to snob! and with ridiculous and stupid fights), but how does marvel explains spidey's involvement in civil war after this?...simple he never took off his mask... IT REALLY SUCKS!

I really hate stories where the characters doesn't grow...I like hal jordan with his gray hair, he seems with mayor experience (not parallax), aquaman with his hook and long hair, nobody should mess with spidey like that, he represented a growing character, and now back to the basics!...marvel and DC sucks at this knid of stuff!.

PS: wait a few years until marvel decides to undo the pact peter made with mephisto just to make sales...(maximum carnage all over again or like the clone saga).

this is DK pretty angry... out
