I agree with Alex, I was disappointed with the movie. I also have not read the graphic novel but the movie lacked something. I rented the movie and will not buy it.

I also agree that I did not like this version of Wonder Woman but the movie was a decent origin story for Green Lantern.

There were many characters in the movie I would like to have seen more of like Green Arrow and the Blackhawks and of course Supergirl.

Overall I give the movie a C-, OK to rent but I do not want to own it.
