.

What disturbs me the most is that it has a great cast of actors. Ed Norton, Tim Roth, Liv Tyler ... I would go see any of these actors read the phone book for an hour and a half. But I don't think I can handle another angry bowl of CGI jello bouncing around the screen again. Can the audience control the anger and rage inside them and sit through another Incredible Heaping pile of Marvel bile? Poop-stick. 'nuff said.
