I had some ideas which I can't make at the moment (need new tablet!), so anyone is welcome to steal them:

1. Taarna from Heavy Metal promoting an easy listening station.
2. Red Sonja 'I serve no king!' smashing Burger King with her sword, wearing a little McDonald's name tag (and possibly hat).
3. Green Lantern gets sponsorship... from Coke. Idea was he would be wearing a red and white version of his outfit, with the Coke ribbon in place of his chest logo.
