****Mr. Spoiler on the loose, fool****

Just got back from the movie theatre with Buffy. After it was over Buffy said "He wears nice suits" and I responded "Are you nutz?!?! He freakin out ran 2 fighter jets AND juked a missile!!!"

On the 3D computer design thingy he was using..... I saw a pen in his hand and thought if Wacom gets ambitious I'm breaking my piggy bank.

As to Downey playing Stark. I had no doubt from the beginning. I have always thought if you want someone to play the part of an asshole, you hire an asshole. And before you ask "If you don't like him, why'd you go?" I wanted to see if they'd do it right or screw with it.

But anyways, yeah. I plan on ownin it.
