No, I don't believe chilly is right. At least not the way I'm reading it. Painting the arm and hand defeats the whole project. No offense to anyone, but that just isn't how it's done. At least not in my way of thinking. If I could paint, I'd just paint it but the idea is to make it not a painting. Get what where I'm going with this? Also, I really don't want to go 3D. I've already got that set up in case I can't find what I'm looking for.

Anyway, I appreciate you guys posting your thoughts. That just isn't what I'm after. I was just hoping someone might have seen something similar in a photo that I might have used.

I thought about searching for photos of singers, just haven't gotten that far yet. Been searching for days and thousands of photos for what I'm after.
