Just went to see the movie yesterday and I wasn't disappointed with the new look of the green dude. The abomination however could have used a little more effort.

Really enjoyed the little hints to SHIELD, Steve Rogers and others that only comics geeks can understand, BUT what made the movie for me was the final battle and speaccially the "HULK SMASH" line. Finally the guys noticed the Hulk speaks in the comics.

Overall, not at the same level of Iron Man but still a good movie.
