OK I guess I could do this one time to see if I can stay focused long enough. I am going to take a card from Chilly's deck and run with this. I will make a total of 5 more Dream Girls, of those 1 is for OCP(In progress) Walley (In progress) and BHM (Next in line). I also owe Vampire Lover a FireStar render so that will count as another Dream Girl, so that leaves me 1 dream girl left to do. If you can give me a reason why you or someone you know should get a Dream Girl render please post it here. The best entry will get a render posted here AND will get a larger version, OF THE SAME RENDER, emailed to them. The winner will only have the option of Adult or 3D gallery version. I will pick the theme and props, pose, ect... Unless you can give me a good reason why your winning idea is better. So good luck and I will leave this open until the 10th. After that I will lock this thread and decide a winner. The winner will be notified here and the render will be done AFTER I complete the challenge with PeterCotton and Skurge.
