OK guys, (Hawk and Jr.) why should I do one for these people? In the first post I ask for a reason to go with the name, so care to help me out with why you think they are deserving?

Ok... nOOb...err... Cheater... without Hubcap there is no Heromorph... plain and simple. Well... There is most likely no HM... WH would keep this place going on his crazy Canadian servers!
The other three names mentioned would be worthy... but not as much as hub. Don't argue with me... I will bitch slap you if you do!
