Okay, Phoenix/Dark Phoenix: Powers and Abilities.

She's the most powerful telepath and telekinetic in existence.

Death don't mean crap to her since she seems to die at least once every five years.

Oh, and she's got a split personality, so you never know if you're dealing with the Jean who's going to give you a hug or the one who's going to flay you alive.

This is gonna be so much fun.
