So these pictures and \_only\_ these pictures?

I never really thought about that, What do you guys think?

I have a couple of suggestions:

option #1-we use only the pictures provided

option #2-we use the pictures provide and up to two additional images of our own.

option #3-we use as many additional pictures as we want. and add in as many parts from the base pictures as we can.

Lets have a vote. Options one, two, or three guys, what would you like?

Also, Billy has e-mailed me and has signed up for this as well, I will add his base pictures to the pot shortly.

The due date for this challenge will be August 2nd.

Two more days for anyone else to sign up.
