I thought the subject was your favourite? I can't think of 10 good superhero movies.

But my favourite is Mystery Men.

I'm with CP on this one...can't think of ten, either.

But, my 2nd favorite is the "Batman" of 1969; with Adam West and Burt Ward.

(My 1st has yet to be made...a better version of Doc Savage, or one featuring Metamorpho)
