WHAT?!?!?! You mean I am going to have to re-post all 2 of my images I posted there? That is just too much work.

I am totally indifferent. I personally didn't like the gallery over there and the members were... well, other than the few I liked... they were kinda self righteous pricks. Well, at least their comments seemed so. Especially B!

So, I can feel for the members that might be loosing their web page... but I won't miss it... sorry C2F.

But hey, like Hawk said... if the members want to come play with the best here at HM... I will welcome them. Mainly because I can ban them.

Bwahahaha
