I wouldn't know... NBC pulled its signal from my cable provider. I have to watch it online and do not have time to do it while at work... so... I am pretty much screwed. Well, if you are saying that it is a disappointing season... then Damn it... I am still missing CHUCK.

And I swear Mohinder's story line is right out of "The Fly." I call that in the next episode Maya will notice insect hairs growing out of his back.

Nah... the Fly is so cliché... It would have to be a Gecko or maybe an ant. Now we are talking..... Or maybe they steal the Xmen and he just turns into a pile of bile.... whatever happens he deserves it. Crack whore.....
