You're not alone. As one of the few femme fatale posters here at HM, I have been welcomed by the vast majority of our members. However, I have attracted a couple of stalkers. I don't post at HM unless I think the pic is worthy, and depending on the pic I may spend as little as an hour or as much as 40 hours over a week. Some of you know that I work with 1999 Adobe 3 program, a 1998 cpu, and dial-up internet . I have posted a couple of pics that were not good. However, my pics get 500 - 3000 hits and (aside from the 1.0 ratings) usually get 8.0 to 10.0. In addition I have tried to be innovative (within the bounds of my technology) with Manips, drawings, and mixed media, including a photomanip comic book. Posting at HM has also allowed me to communicate and interface with other artists here such as BB, co04, Hawk, DW, VL, Jr, Effekdmentality, Was, DD, and many others. I post exclusively at HM for these reasons, and I always like to see History's posts, and look forward to seeing many more!
