Thank you Thayne. Sincerely, I truly never would have placed myself into the category of a "heavy hitter" here.

I would never specifically attack a particular commenter for their opinion. Hey I know my work is ok, sometimes very good, but I also realize it is not everyone's cup of tea.

I was just a bit ticked at those who I thought "rated and ran", and more importantly some folks who have nailed new artists, without bothering to comment.

Thank you again for the sincere compliment and for taking my initial post in the context it was meant.
