hey Morphites,

how are we all? good to have Miss Bandwith here to spice things up at the old ranch. anyway, I imagine we read/heard about the lovely Angelina Jolie confessing in an interview that she had a little something something going on with Brad Pitt while they were filming "MR. AND MRS. SMITH", which led Brad to divorce Jennifer Aniston (who does nothing for me). anyway, not to call our lovely diplomat a hypocrite, but I am sure somewhere Daddy Dearest John Voight is laughing and saying, "And she gives ME shit about cheating on her mother." anyway, do we have any comments or thoughts?
