hey Morphites,

how's it going? I gather we've all been to a convention or two where a celebrity shmoozes and hawks their latest project. usually, they take a picture and sign an autograph or two. of course, there are those who don't sign autographs for whatever reason. (Wil Shatner and Leonard Nimoy come to mind) so, I'm curious as to who do you know of that do not sign autographs? this way, any future event I go to and I see that celebrity, I'll know not to ask. comments?
