Thanks, everyone. This is my first smackdown, so it is a real honor to win.

Working on this really got me back into manipulating in a big way. I did 16 manipulations in 3 months, (or if you count each panel - 77 manipulations). I have not been this into my work since I first started all those years ago at C2F (RIP). I feel that I had to rush the ending, because my daughter was born on October 20th, (but no one ripped on me for forgetting She-hulk's gloves and belt.) Thanks.

I didn't know there was a prize, so that's another nice surprise. I'll go for a commission piece from one of the artists, probably Peter Cotton (he could have soooo won the smackdown).

Congrats on the daughter...She shares the same birthdate as me.

And, BTW...You and several other artists have their own folders on my computer...the artwork is that good.

And congrats on the win...you earned it.
