Ok, I have a hard time coming up with names of characters that I want to make a photominip of. I really want to do some that aren't over done (super girl, wonder woman...etc) So it would be cool and helpful if everybody could come up with a list of their personal favorite super women. Make it as many as you want. It's ok if you list some of the over done women but I'd like to see some new names other than Super Girl, Wonder Woman, She-Hulk, Emma Frost, and so forth. So If you think she's been over done, don't list her. I'm just terrible with this. Since this is the best place online for Super Hero minips I'd love to hear from everyone. You can list villains too.
P.S this will help others I'm sure.

Oh and be gentle I've never really successfully posted anything on a form, I always get it wrong...
:)

Much Love to all for your help,
