Just wanted to be part of this neverending thread. One of the chicks up for the now dead JLA movie Mary Elizabeth Winstead and Megan Fox look good. The last one here looked fine. Obviously, acting is not primary need.

Have to say, they'd be better off doing a tv series with an unknown, like the original. Costs less and when it flops, nobody will remember it a year later, like bionic woman. This allows hollywood execs major CYA which is most important factor in any flick.
