Someone like Bill Nighey would have been a great choice, although I wonder if he would have done an "Eccleston" and leave after a season or so. We have to have Doctor's sign on for at least 3 years, we're running out of incarnations! After Matt Smith (Doctor 11) we only have 2 left... of course, if the Master can do it, maybe the Doctor can.

After the "abbreviated" 2009 season, I hope 2010 will see the return of Gallifrey (or at least more Time Lords). And I hope they do more with River Song (as you suggested Yunnors)... I really want to know how she fits in. Russell T. Davies described her as "sort of the Doctor's wife"...
