she could very well have a Kiwi accent

Whoever wrote that has never heard Gina speak (or never heard a Kiwi speak, possibly both). She isn't really a Kiwi, she grew up in NZ but left at 11 (so she missed out on lunch, ha!)

I watched Coupling for years and never knew she was born here until yesterday.
But she's still one of my favourite actresses, hilarious in Coupling. And everyone should check out Leverage which is a brilliant show. Gina plays the worst actress in the world, except when she's pulling a heist, then she's the best.

Don't get it? That's why you have to watch the show.
(I hope Gina doesn't get the Doctor Who part, she's too good... all these new Doctors have been complete fags)
