Hmmm.

Michelle Ryan - I thought she was nice to look at on **Bionic Woman** but I wasn't very impressed with her acting all that much.

Gina Bellman - I think she's a hoot in **Leverage**. Very pretty and she has a great voice and can actually act. Don't think the age difference would be an issue (the Doctor is over 1,000 years old, after all). My daughter would approve, she liked her in **Coupling**.

Carey Mulligan - I really enjoyed "Blink". I would want her to continue to play Sally and not some new character. I think this is the one I would want to see the most.

But hey, why not 2 companions? Worked for earlier Doctors.

Word association time -

Sally Sparrow... Captain Jack Sparrow... Captain Jack Harkness. Guess we need Sally Harkness. Yeah, that's it, Carey Mulligan could play Sally Sparrow, who turns out to really be Sally Sparrow Harkness, Jack's estranged wife who he abandoned in the 24th and a 1/2 century!

I need drugs.
