I tried 4 times now to upload a drawing I did of Taylor Stevens as Valkyrie... but something totally screwed up and there's two posts but no image... could someone that has the power delete those two posts and I'll try again some other time? I hate posting shit that doesn't work and taking up space that can be used for images that actually appear!

Thanks in advance.

Done!

Usually I always preview before submit. that way we can see if the image was correctly uploaded and everything is ok, also sometimes makes me realize I want to change what I wrote.

Looking forward to see your image, buddy!
