First off... I have no clue what you are talking about. Brave and Bold sounds like a really crappy soup where you would hear "But I saw you get decapitated" "Yes, Mitsy... you did see me get my head cut off. But thanks to Doctor Wack-n-tacker he was able to reconnect it"

I will take it that this is a Cartoon... with Batman teaming up with other people... and he is funny. That doesn't sound like any Batman I have ever known. But yeah, if Batman is funny... then that will suck. "Hey Robin... Pull my Finger"

But I will not Judge until I see this cartoon. Is it actually called "Brave and Bold"?
