Agreed. The movie is the bomb! Bruce Timm does it again! Got the two disc special edition version myself and yeah the GL movie looks really good too. Then again, I love Victor Garber's work ever since he was Jack Bristow on Alias (co-starring the JLU's Martian Manhunter Carl Lumbly BTW) and Victor as Sinestro rocks!

Can't wait for the WW sequel they're so obviously leading into.

As for a live action WW movie, if sales for THIS one are really good I'd expect it to light a fire under WB's as to get the live action film made. It would dispel lingering doubts that a female lead superhero can actually do well at the box office, post-Catwoman, Barb Wire, etc...
