Saw it; thought it was ok, a moderate job of adaptation, not bad, not great. The guy playing Rorschach nailed it as did the guy playing Dr. Manhattan. The guy playing Ozymandias seemed to be doing a lame Jeremy Irons impersonation. The rest of the cast was pretty decent. I thought the *Silk Spectre* was really hot although apparently Hawk liked her mom, Miss Jupiter better. Guess old gals need love too.

Both were both hot, but during the flashback scenes, I think the mom was hotter back in her day. Maybe it was the garterbelts.
