I am not going to say anything about this movie in particular, as people may not have seen it. But in short.....once again the movie studios has taken one of the most famous comic characters in history, and DROPPED THE BALL CONSIDERABLY!!!!!! Anyone who is a fan of Wolverine will spot these discrepancies without effort. Just once, I would like to see the studios take a puritan approach, yes...you can dress it up a little for the modern age, but for christ's sake...stick to the friggin' story. I was expecting a great origin movie, not the catastrophe this turned out to be.
