it will bring in new fans to the series.

I will be one of them, I'm not a star trek fan, the only show that I liked was Star Trek: Enterprise, it looked more credible to me.

And I can't believe the critics those freaks, geeks or whatever are making for the new movie , for what I can see this is the first star trek movie that I want to pay to watch.

wake up and smell the 21st century.

DK, that video is a joke. The Onion News Network is a parody of CNN and Fox News. None of the news they report is serious though they do a good job of sounding it.
