To be honest, the movie was better than I expected. However, I can't ignore the fact, that once again the Marvel movie franchise got stuff wrong. Certain characters exhibiting powers they aren't supposed to have? wtf? I don't want to ruin it for those that haven't seen it, so I'm not naming the characters. AND Deadpool.... nope, sorry...didn't see him anywhere.

So wtf was that team that got put together? That sure wasn't Alpha Flight and where the hell was Maverick?

The opening sequence of the movie was pretty killer, the overall nicely done. If I have to give it a rating on a 10 scale.... I'm going with an 8.
