Our very own JrMcDeath will be shouting from the SD Comic Con this year at the HM booth. Tune in to the Shoutbox Thursday and Friday for live updates on all that's going on--from what to expect from the new Iron Man 2 with Morton Downey--er--Robert Downey, Jr.; learn why Joss Whedon is overrated; or if Matt Groening draws with his left hand or his right hand. Jr also opens a special forum "How Many Swirlies Did You Get In High School As A Comics Geek?"
