I recently downloaded Starkiller's Transmap Tutorial (yes, colour me NOOB if you wish) but because it's in .doc format and I haven't used M$ Word since Win 95, I get no images.

I've saved the text in .rtf format but it would be most helpful to be able to see the screencaps that (s)he's referring to.

Is there any way that either a gallery just for tutorial images can be established or (perhaps) the whole tut made available in .rtf format? Please?
