You know, there's a lot to laugh at in that Hasslehoff vid.

But seriously, a European K.I.T.T.? Knight Industries wasn't overseas...

They had to film over there... the US is too Politically "correct" to allow such a video to be made here.  
Someone would have sued for ejecting her out of the car.... buncha sissified sissies!

I didn't even notice that the steering wheel was on the opposite side of the car. Too funny
