Well, yes most childrens's programming for the under 5 set is appaling, but minus that stuff the worst crap on tv that I've ever seen is just about any of those shows that brodcast the lives of whiny rich bitches/"celebrities" like those "real housewives" shows or the ones about the Kardashians or Denise Richards. Ugh.

I have to agree that TelliTTubbies and Barney are horrible shows if you are over 5 years old. So yes, BAD....

And I agree with DP on the reality sh!t. Of course he left off that Paris Hilton show where she is looking for a new Best Friend. "Rock of Love" with Bret Michaels. And don't forget "Temptation Island". Pretty much anything on MTV.

But getting off the reality TV shows... which all suck. Cough*Jerry Springer*Cough... the worst show I have seen since "BJ and the Bear" is "Cavemen". I saw two of the 13 episodes that actually made it to air... (Yeah, got the number os shows from Wiki)... and I am still suprised I went back for the second episode. That might be the all time worse show ever made.
