Well some of the team ups are up and they look great.

I was just over at C2F and read that the Taz and Android picture is not going to make the deadline.

Too Bad, I was really looking forward to seeing the finished product of that one.

I did everything except sing the coconut song before I posted, because I don't know it, but I did it all with my pants down, while Wrinklehawk stood next to me and took pictures. (After he put his mouse back in it's house... Hey, don't blame me, he wrote it!) Trouble, trouble, trouble. We all know that you have been taking the pictures and sending them to me over the e-mail. I know you \_want\_ me to be next to you, but I have told you before, I am Married. and the mouse in the house was in reference of you putting your pants back on, my friend.
