I think it's like this: I believe that Stan Lee, co-creator of the Fantastic Four, said THE INCREDIBLES was the best FANTASTIC FOUR movie ever made. I know I'm paraphrasing, but that's essentially it -- and I have to agree.

I've had the opportunity to read a couple dozen FF stories from the Stan Lee-Jack Kirby years, and I have to agree. Maybe they could put writer/director Brad Bird in charge of an FF movie, now that Disney owns Marvel.

I'd love to hear the Heromorph readers' casting ideas if they do indeed reboot.
