The eyes in the second sketch look a little like mine. :)

I really love this. It's really cool, and interesting even if I wasn't the reference I'd still love it. (well I love all of your stuff that goes with out saying)

Great addition to the pose, I was actually laying down but I think this works out better.

Yes MF, my boyfriend and I love this.

Just wonderful as always and I would be happy to pose for you again.
