Awesome, co!

Cool to see a hint of how you proceed, too.

I guess for some reason I always figured you worked light to dark in the shades. A lot I know, huh? Seeing it going from the darker to lighter shades reminds me of the Bruce Timm Batman Animated series method.

That show really stood out for it's art style, not necessarily the plot lines. Another classic that was great for it's artistic originality.

Once again you've impressed me.

Can't wait to see more.
