Backgrounds: I want something a little different this time than just a monochrome background. To make it appear that "Noodnik" was still in the Baroness's hideaway bedroom, I'm having her step off of the brown seamless a bit to where you can see the rest of the room.

I don't want to put a lot of detail in it. Only that you get the impression, if even abstractly, a sense of space. Just like Redd's pics, you get a sense that she's in a room, but can't make out the detail. Some items were sampled from the previous boudoir pic (<http://heromorph.com/heromorph2/modules/myalbum4/photo.php?lid=12853>), the chair from an actual photo and blurred. Most of it is simply dashed in with a brush.

Lights and darks will be adjusted accordingly as the foreground figure progresses.
