heh heh heh...

again, simply one word...

Awesome.

And more words,

Subtle humor hits ya right in the face, hilarious.

foreground dialogue reminds me of Mystery Science Theatre type stuff, a couple o' alien silhouettes woulda sent me over the top laughing.

But then I'd have missed some of the subtle art.

Such as the "femaliens" restroom sign. But I also love the way you incorporate multiple perspectives on your subject in each page, not just from the anatomically aesthetically pleasing angles, but for expression and effect, too. Your panels flow together as fantastically as she is built!

So, to sum up...

Awesome.
