As much as a pain in the arse it is to create textures for the daz dynamic stuff, I was determined to release some freebies but I just lacked the proper item of clothing until the dynamic bodysuit came along.

So here they are, Powergirl and Supergirl textures for the Daz Dynamic bodysuit.

<http://yunners.deviantart.com/art/Supergirl-for-Dynamic-bodysuit-141057228>

I'm sure one of our wonderful admins will transplant them into the HM download site before long, because they're awesome like that.

Have fun. :D
