Challenge accepted Batmic.

Tazman - Your highlights and shading seem to be a little inconsistent in your work sometimes you get it spot on and other times it just seems off. I challenge you to do a manip of a character with a strong directional light source so that the highlights and shadow will both be predominant in the picture (kind of like my Metamorpho or Shadowman).

Brick - Hey buddy remember when we were originally talking about this and I told you I was going to make you do a all chainmail character, well... I am not, but I am going to give you Metal Work. Try a all metal character, I know you did colosus a while back, But I would like to see what you can do now.
