Well yeah... nude is good but I can live with a little (a very little :P) loin cloth or sommat hehe. Nah only joking, kind of, doesn't have to be nude haha.

(scuse my second post saying pretty much the same as the first, I thought the pc ate my first post and I want a nuuuudddeee Rock! hahaha joke? :D)

OK, the nude "Joke" was cute the first time... second time you were pushing your luck... and now a THIRD time? I don't mean to sound like an ass, but WTF.

What exactly do you want? An nude or not. Your "joking" is old. All I have to say is that you are going to have to find one of these guys that will do a male nude. I for one, will not. (I had too much of that in life drawing in college) Why don't you just keep your list. And if you get a nude, you get a nude.

Also, you do know that this is not free art. You have to produce too, and as of today you have not posted any art in our galleries. Are you an artist or just a fan? Fans are great, but they cannot join the secret santa.
