Looks like there may have been some truth to the Black Cat rumors though -

UGO has learned that Julia Stiles has also auditioned for a role in Spider-Man 4. This follows the rumor that Rachel McAdams had auditioned (she said she didn't) and Romola Garai did put herself on tape for a role, but she believes she won't get the role.

The site doesn't know which role Stiles talked to a casting company in New York for. Reports say that these actresses are trying to land the Felicia Hardy/Black Cat role, but that hasn't officially been confirmed.
