I am not even sure I am looking forward to Spiderman 4.

Spiderman 1 I liked quite a bit, Spiderman 2 was fantastic when it came out. Spiderman 3, I have to say I liked when it was released.

I have recently watched all these films recently and 1 & 2 are still decent if not quite as good as when they were first released. But spiderman 3. what pure crap. It is really some of the worst acting and story put to film in a blockbuster in years. if spiderman 4 is anything like spiderman 3 then I would rather not see another one.
